# PROJECT NAME

## CONNEX STARTUPS

CONNEX  
STARTUPS

NOT THE END, JUST A  
START FOR YOUR  
STARTUP

## PROBLEM STATEMENT

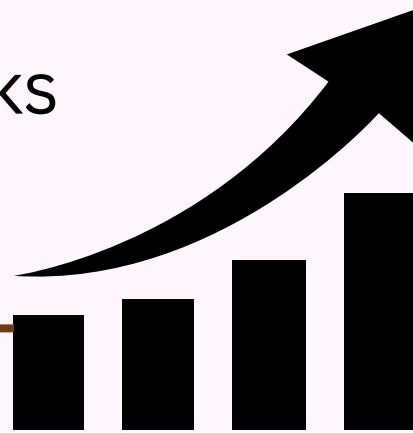

To develop a community, which will cater the needs of young innovative start ups to build up an impactful team for a better future.

## SOLUTION

Our website will serve three users:-

1. FOUNDER OF THE START-UP: The founder will put forward the start-up idea.

2. EMPLOYEES: If someone thinks he/she is perfect for the post

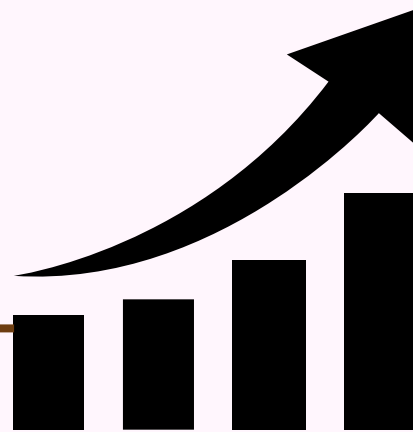

(like HR, developer, technical lead etc.)  
required by the start-up can fill the  
employee registration form.

3. INVESTORS: The well flourished  
businesses interested to invest in a start-up  
idea which they think has potential to grow  
and in return might ask for a stake in the  
company.

## TECHSTAKE USED

- HTML
- CSS
- UI/UX Designing

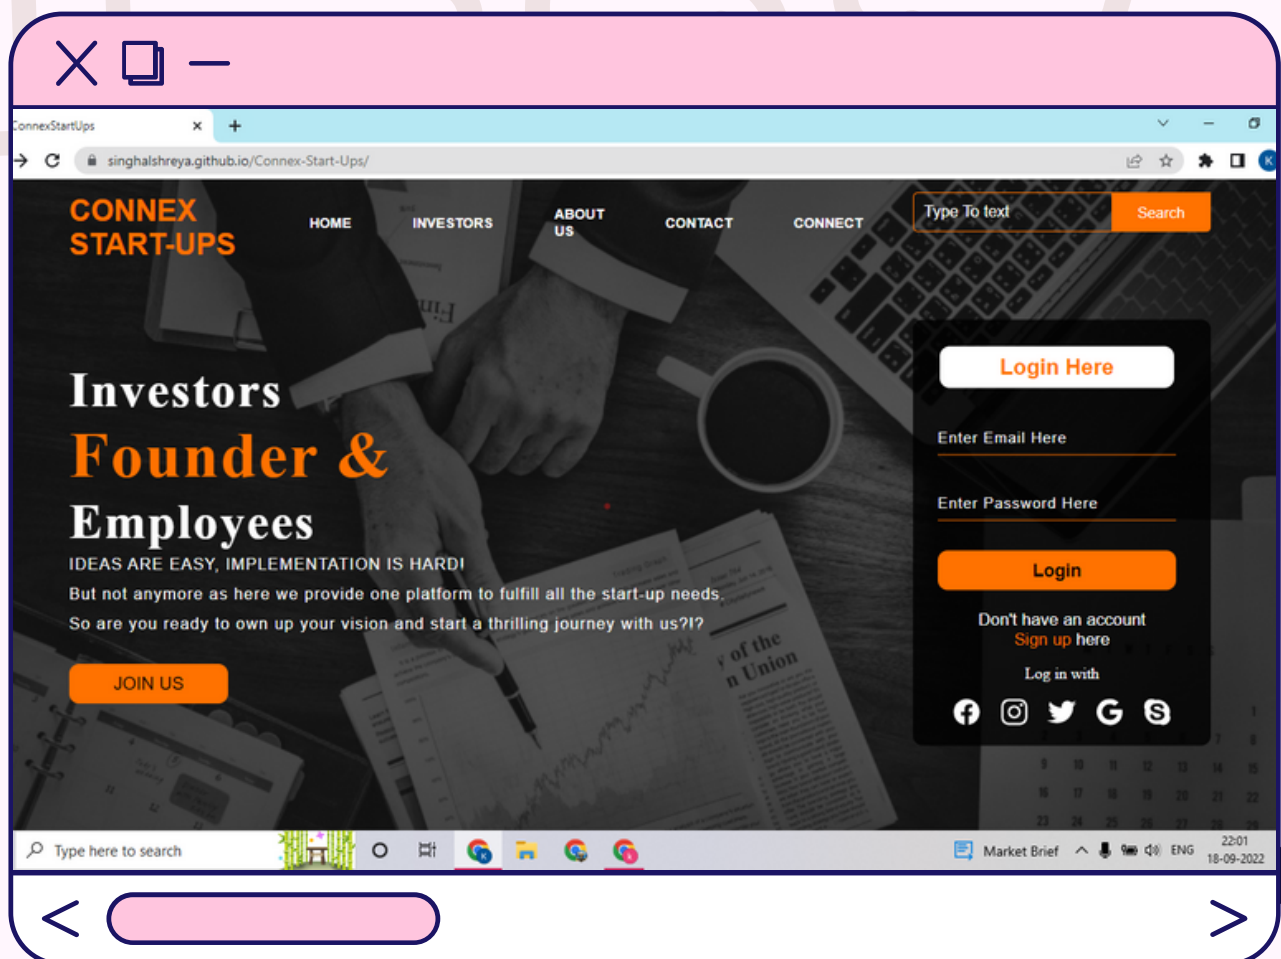

# SOLUTION PROTOTYPE

We created an open website platform which will bring together the young startup minds to start their own brands and companies.

## FUTURE SCOPE

It is estimated that the number of start-ups in India will exceed 10,000 by 2020 and this could well change how the labour market as well as the overall economy works in India. One of the major factors contributing to this will be India's population.

## CONCLUSION

We aim college students to flourish and grow
